TENSION
It is very important to check your tension before commencing the items, therefore crochet or knit a tension square. If there are less sts to 10cm (4in) than number stated, change to a smaller hook or needle. If there are more sts to 10cm (4in) than number stated, change to a larger hook or needle. It is important to work to the tension stated.

NOTES
The yarn amounts stated are based on average requirements and are therefore approximate. Most of these projects will not use all of one ball, therefore, it will be possible to make more than one item from a ball of yarn.

IMPORTANT
To ensure accuracy only **King Cole** yarns are suitable. No responsibility will be taken for the result of using any other brand of yarn.
